COOL COMFORTS

ACTIVCARE PROTECTION

- Added layer of protection keeps sleep surface hygienically fresh.
- Anti-microbial treatment added to the knit fabric promotes a hygienic sleep environment.
- Long-lasting protection against dust mites and unpleasant odours.

COOL KNIT FABRIC

- The perfect knitted cotton fabric keeps you cool and dry all night.
- Soft and flexible to the touch.
- Breathable, durable, and anti-bacterial.

GEL FOAM - ACTIVE COOLING

- Infusion of gel cells and foam regulates your body temperature for an optimal night's sleep.
- The open cell formation promotes air circulation to allow the heat transmitted from your body during sleep to dissipate rather than accumulate in the mattress

EVOLUTIONARY COMFORT

LUXURY COMFORT LAYERS

- A combination of multiple luxury foam and comfortable fibre layers.

SUPERIOR FEATURES

POCKET SPRING SYSTEM

- Individually wrapped pocket springs independently respond to pressure.
- Contouring comfort while remaining independent of partner motion transfer.

SURROUND FOAM ENCASED EDGE

- Eliminates soft mattress edges by providing all round firm, stable mattress-edge support.
- Increases sleep surface by allowing sleep right up to the edge.
