Home Connect

- coffeeWorld: 15 additional international coffee specialties are available in the app - from Indian Kaapi to Vienna Melange to Colombian Cortado
- coffeePlaylist: Simply enter several drinks you would like into the app in one go. Your appliance will then work through them one by one.
- Coffee recipes: The app offers a variety of recipes involving coffee, which can be transferred to the appliance or a Home Connect capable oven - from Espresso Crème brûlée to saddle of venison with coffee crunches
- Coffee know-how: The app includes interesting knowledge around the topic coffee, e.g. bean varieties, harvesting methods or roasting techniques
- Cleaning program: The Home connect app reminds you when an action on the device is required during a cleaning program. This leaves you time for other things.
- User manual: A digital user manual is ready to hand at all times in the app
- Customer service: In case of technical problems, the A02 customer service is able to access the appliance virtually - if you want so
- Security: Security is of top priority at Home Connect. The Home Connect app has been tested and certified by TÜV IT. And the encrypted data transfer via Home Connect protocol protects against unauthorised access.
